Data Science and Leadership Training

Leadership

This course has been designed to provide you with a comprehensive understanding of what it means to be a leader. Throughout this course, you will learn the fundamentals of leadership, key terminology, and the differences between leadership and management. Moreover, the course will delve into the importance of authenticity and what it means to be your authentic self as a leader. By the end of the course, you will have a better understanding of what leadership entails, different leadership styles, and how to be an authentic leader. This knowledge will equip you with the skills needed to lead effectively in your personal and professional life.

About Our Trainer

Phillip Panzarella is a proven positive leader, executive coach, team builder, entrepreneur, and trusted partner with extensive experience in achieving extraordinary results. He assists individuals, teams, and organizations through Executive Coaching, Mentorship, and Business Consulting. Throughout his extensive career as a business leader and entrepreneur, Phil held a number of leadership positions (C-Suite) in both for-profit and non-profit organizations where he assisted organizations in achieving their business goals.
