Data Science and Leadership Training

Mentoring

In this course, we will be exploring the fundamentals of mentoring, its importance, and key mentor characteristics. We will delve into the role of mentors and the skills needed to be an effective mentor. We will also discuss best practices for mentoring, including the creation of a positive learning environment, providing constructive feedback, and setting clear expectations.

You will also gain insights into how to set goals and track progress, how to provide constructive feedback, and how to create a positive learning environment. By the end of the course, you will have a better understanding of the role of mentors and the skills needed to be an effective mentor.

Learning Objectives

- What is mentoring, why important?
- Key Mentor Characteristics?
- Role of Mentors
- Mentoring Skills
- Mentoring Best Practices

About Our Trainer

Phillip Panzarella is a proven positive leader, executive coach, team builder, entrepreneur, and trusted partner with extensive experience in achieving extraordinary results. He assists individuals, teams, and organizations through Executive Coaching, Mentorship, and Business Consulting. Throughout his extensive career as a business leader and entrepreneur, Phil held a number of leadership positions (C-Suite) in both for-profit and non-profit organizations where he assisted organizations in achieving their business goals.
